

Chelsey Parker

Director

This is Chelsey's 5th year at MMS. She graduated with a bachelor's degree in Human Development and Family Studies though she has 13 years of experience working with children. Her love for being around children came when she became an aunt to four nieces and nephews at the age of nine. She loves to watch and encourage children to learn and explore through their own experiences. She and her husband Thomas have two boys, Bentley and Lane. As a family they spend time outdoors and like to attend sporting events. Chelsey and Thomas are members of Christ Community Church, were raised in God loving homes, and seek to convey that same love in their own home.
