

# E.J. Major

## TK Teacher

This will be E.J.'s second year at MMS this time around. MMS has been a key part of EJ's life since 2005 when she brought her toddler daughter here. A few years later, using her degree in Experiential Education and her love of teaching, EJ joined the staff of MMS. After 5 years in the Pre-K class, she took some time to stay at home when her 4th kiddo came along. Now she's happy to be back to caring for children here at the Morning School.

When not in the classroom, she keeps busy with her own kids who are in college, high school, middle school and kindergarten. EJ enjoys being outdoors and one of her favorite things is to sit among her flower beds and start her days talking to the birds, her dog and Jesus.
