

Katy Legge

Three year Old Teacher

This is Katy's 1st year at MMS. She is an Asheville native and after receiving her associates degree in 2013, she spent over 7 years working with the community as a personal branch banker. She also spent years of babysitting, working in church nurseries, and being a personal nanny to some sweet families.

Katy and her husband welcomed their first child in February 2020 right before the pandemic. She saw this as a sign to quit her corporate job and become a stay at home mom. They are now raising 2 beautiful children who are also students at MMS.

This year, Katy felt called to be more involved with her children's school, like always God's plan is greater. Katy is thrilled and blessed to be assisting and fostering a love of Jesus and learning in each child's life. In her spare time, Katy enjoys spending time with her family, traveling, reading, DIY and home projects
